ABOUT ME

As a digital designer, I strive to learn and adopt as many mediums as possible so I can create whatever I put my mind to. With the ability to mix, graphic/web design, 3D animation, video, and photography I have a wide set of tools to creatively conquer the array of jobs/projects in today's design environment.

WORK EXPERIENCE

Bosley Real Estate Brokerage
April. 2022 - Current

Senior Designer / Tech Lead

At Bosley Real Estate, I am responsible for marketing materials for over 20+ Realtors. This includes print materials, social media content, and video content. I am also responsible for finding new solutions with technology.

Roma Moulding Inc
Jul. 2021 - Oct. 2021

Graphic Designer

At Roma Moulding I was responsible with creating marketing collateral for promotions and special events, as well as product photography.

Campfire Creative Collective
Jan. 2020 - Jun. 2020

3D Generalist Intern

With this project, my team and I were tasked with creating a VR experience that could help with travel anxiety. My responsibilities were creating 3D environments with blender, motion design with After Effects, and sound design.

Freelance
2014 - 2021

Web Designer

I developed, setup and maintained HTML/CSS/Bootstrap/Shopify/WordPress based websites for several clients.

Ryerson University
ENG Department
2016 - 2017

Creative Assistant

At the First Year Engineering Office, I was responsible for redesigning several print and web-based documents, such as student welcome packages and professor handbooks. I also assisted First Year Engineering Students with class scheduling and other general inquiries.
